SUBJECT: **INTERIM PUBLIC SAFETY REALIGNMENT IMPLEMENTATION  
UPDATE**

---

At the June 18, 2013 Board meeting, your Board directed agencies impacted by public safety realignment to report back on several items related to the program's implementation and recommendations for program improvement. As discussed with your offices, the Public Safety Realignment Team (PSRT) and impacted agencies continue to develop and finalize responses to your Board's requests for inclusion in the realignment report scheduled for August 20, 2013.

As a result, this interim report aims to provide an overview of the areas the August report will address. In addition, Attachment I provides updated data that is currently available on key realignment impact areas, including Penal Code 1170 (h) sentences to County jail, the Post-Release Community Supervision (PRCS) population, and PRCS absconders.

### August Report Preview

As requested by your Board, impacted agencies are continuing discussions to identify key realignment implementation trends and challenges. To that end, the August report will address:

- Operational and legislative recommendations to address implementation challenges
- Treatment engagement benchmarks and strategies for increasing engagement rates

- Recommendations on split sentences
- Strategies for promoting supervision and successful reentry among those sentenced to County jail per Penal Code 1170 (h)
- Strategies for addressing Post-Release Supervised Persons (PSPs) with multiple absconder warrants
- Defining and measuring recidivism
- Recommendations for monitoring parolee impact on local services
- Ongoing reporting of overall program data on PRCS caseload, staffing levels, and jail population.

The next realignment report will be submitted to your office the week prior to the August 20th Board meeting. In the meantime, you or your staff may contact me or Deputy Chief Reaver Bingham with any questions at (562) 940-2513.
